ALEXANDRIA, VA. SATURDAY EVENING, OCTOBER 2, 1909.

PRICE 2 CENTS

What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading remedies, "Golden Medical Discovery" and "Favorite Prescription."

The answer is that "Golden Medical Discovery" is a most potent alternative of blood-purifier, and tonic or invigorator, and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels, bladder, etc., and in all cases of catarrh, whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrh dyspepsia), bowels (as mucous colitis), bladder, uterus or other pelvic organs. Even in the chronic or ulcerative stages of these affections it is often successful in effecting a cure.

"Favorite Prescription" is advised for the cure of one class of diseases—those peculiar to the female system, and is especially indicated in women only. It is a powerful yet gentle acting invigorating tonic and nerve. For weak women, over-worked women—no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formula of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines. The words of praise bestowed on the several ingredients entering into "Golden Medical Discovery" and "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native, American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines of known composition, any secret nostrum.

Dr. Pierce's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels.

JUDGES IN A FIGHT.

A personal encounter occurred yesterday in the court room at Welch, W. Va., between Judge Samuel W. Williams, of Wytheville, democratic candidate for attorney general of Virginia, and Judge Joseph M. Sanders, of Bluefield, formerly chief justice of the Supreme Court of West Virginia. Judge Sanders was severely wounded by being struck on the head with a heavy inkstand thrown by Judge Williams while a bill of exceptions was being made up in an appeal of the Freeman will case.

The trouble started over what was to go into the bill of exceptions, and while it was being made up Judge Williams criticized the court and the counsel for the Freeman boys, making an accusation in which Judge Sanders replied with vigor, passing the lie conditionally. Judge Williams, who was sitting on the other side of the table, picked up a heavy inkstand and threw it just as Judge Sanders got to his feet, striking Sanders just behind the right ear. Sanders fell, and on arising attempted to strike Williams with a chair, and Williams also got a chair, but before further damage was done spectators separated them. Judge Sanders has been appointed to appear before the grand jury at Welch on October 11, when the matter will be investigated.

HALLEY'S COMET.

The calculation of Frank E. Seagrave, of Providence, that Halley's comet will be nearest the earth on May 19, 1910, is confirmed by Rev. George Mary Searle, of New York, Superior-General of the Paulist Fathers and widely known as an astronomer.

A communication from Father Searle has been received at the Harvard College Observatory, where he was formerly an assistant. Father Searle bases his calculations on observations made at Lick Observatory on September 12, 13, and 14, and on the elements given by Professors Cowell and Crommelin in March last.

He states that on May 18 the earth and the celebrated comet will be in heliocentric conjunction in longitude, the longitude being 236° 48'. The heliocentric latitude of the comet would be minus 7°.

Father Searle says that there will be no actual transit of the comet over the sun's disk according to these elements, but that a slight change might produce one.

"At any rate," says Father Searle, "it seems highly probable that we shall on May 18 be inside the comet's tail."

COUNSEL APPEAL.

Counsel for the administrators of Messrs. Parker and Green, who claimed to have been the agents of the state of Virginia in the settlement of the accounts between the state and the federal government, have given notice that they will appeal from the decision of Judge R. Orrie Scott, of the Richmond Circuit Court, who decided the case adversely to them and for the state of Virginia.

Parker and Green contend that they were the agents named by the state for the adjustment of the claims, which amounted to more than \$1,700,000, and that the state owes to the estates of the two men \$170,000 for the services they performed. The money was loaned to the federal government by the state of Virginia during the war of 1812, and the government had counter claims against the state.

The accounts were settled a few years ago when Senators Daniel and Martin became interested, the state of Virginia receiving a check for \$5 in full settlement of the claims between the state and the national government.

WOMAN SCALPED.

Her scalp torn from her forehead to the base of the skull, Miss Dora Lipschitz of Brooklyn, is in a critical condition at the Williamsburg Hospital. The physician says she is fatally injured.

Accompanied by Miss Lena Linzer Miss Lipschitz entered an elevated train on the Manhattan end of the Williamsburg yesterday morning. The train was bound for Canarsie. Attracted by the continued blavis of whistles of the river craft, Miss Lipschitz poked her head out of the car window and was struck by one of the bridge struts, almost completely scalping her. She fell back unconscious into the arms of her companion.

The injured woman was hurried to the hospital where twenty stitches were taken in her scalp.
